

EMPLOYMENT OPPORTUNITIES

St. Luke's University Health Network, the region's largest, most established health system, a major teaching hospital, and one of the nation's 100 Top Hospitals is **seeking passionate BC/BE Family Medicine physicians to join our dedicated team of physicians** providing excellent care at St. Luke's University Health Network.

The St. Luke's Family Medicine team enters an exciting phase of its evolution; we are shaping the future of Family Medicine services in the region. Due to this significant growth in our existing, newly built, and acquired practices we are expanding our team with Family Medicine physicians who strive for excellence and want to make an impact!

We are looking for providers who are seeking growth and new opportunities. We have several exciting openings on the Family Medicine team!

These opportunities include:

- Outpatient Practice
- Urgent Care
- Faculty
- Hospitalist

Location:

Please note that these opportunities are available throughout the network in a variety of different locations in Eastern, PA and New Jersey.

In joining St. Luke's University Health Network you'll enjoy:

- Substantial compensation and starting bonus
- A rich benefits package, including malpractice insurance, health and dental insurance, & CME allowance
- Loan forgiveness program up to \$100,000 (this only applies to certain positions)
- Flexible work schedule
- Team-based care with well-educated, dedicated support staff
- A culture in which innovation is highly valued
- Professional support and growth within the network
- Teaching, research, quality improvement and strategic development opportunities

About St. Luke's University Health Network:

Founded in 1872, St. Luke's University Health Network (SLUHN) is a fully integrated, regional, non-profit network of more than 16,000 employees providing services at 12 hospitals and 300+ outpatient sites. With annual net revenue greater than \$2 billion, the Network's service area includes 11 counties: Lehigh, Northampton, Berks, Bucks, Carbon, Montgomery, Monroe, Schuylkill and Luzerne counties in Pennsylvania and Warren and Hunterdon counties in New Jersey. Visit www.sluhn.org to learn more!

If you are interested in learning more about this opportunity, please contact:

Innovative Faculty Opportunity

Middletown, Connecticut

Middlesex Health Family Medicine Residency Program, a nationally recognized innovator in residency education, is seeking a dynamic, board-certified DO or MD family physician for a full time faculty position. Osteopathic, musculoskeletal, and geriatric skills are highly desired.

Responsibilities include outpatient care in one of our three NCQA Level 3 PCMH offices, teaching and supervision of residents and medical students in both inpatient and outpatient settings, resident advising, and curriculum development. Protected time is provided for administrative and scholarly activity.

We are a 28- resident program with a gifted, diverse and experienced faculty. A participant in the P4 and Length of Training initiatives, our innovative 4-year curriculum is based at a "Top 100," Magnet and Most Wired community hospital where Family Medicine is the dominant primary care specialty. We are affiliated with the University of Connecticut, Yale University and Quinnipiac University. We offer an attractive compensation package and the opportunity to live and work in a lively, family-friendly, and culturally active New England setting. Located on the Connecticut River half way between Boston and New York City, Middletown is home to Wesleyan University, and a short drive from beaches, rural countryside, and big mountain skiing.

Send your letter of interest and CV to: Kathy Tardif Residency, Manager Middlesex

Family Medicine Residency Faculty Opening

The Family Medicine Residency Program at Lancaster General Hospital is seeking a **Family Medicine Physician** to join its faculty. The candidate will serve as a core faculty member participating in adult medicine and/or OB after hours service coverage, and also serve as an inpatient attending on one and/or both of these services.

The Associate Director of Family Medicine will help to develop, present and supervise curricula, treatment protocols, and other didactic materials for the program. The candidate will serve as a faculty advisor by conducting formal evaluations, counsel residents, and coordinate research audits of assigned team of residents. The incoming Associate Director will also maintain a limited practice by providing quality patient care seeing patients from infant to geriatrics at one of Penn Medicine Lancaster General Health's Academic Family Practice Centers.

For more than 50 years, the Lancaster General Hospital Family Medicine Residency Program has attracted some of the country's most talented medical school graduates. We are honored to be ranked #4 overall among family medicine residency programs by U.S. News & World Report and Doximity. Lancaster General Hospital is proud to have offered one of the first Family Medicine Residency programs in America. It remains one of the most respected and exciting programs in the country.

Qualifications

- Graduate of an accredited School of Medicine
- Completion of an accredited Family Medicine Residency
- Possess or able to obtain an unrestricted PA Medical License
- Two years of clinical patient care experience desired
- Two years or more of teaching experience preferred
- Experience with community service, as integrated into the college and medical school experience

Culture

We integrate practices and policies that encourage diverse perspectives, experiences and cultures by showing an appreciation for the differences in ethnicity, gender, age, national origin, religion, education, disability, and sexual orientation in our workforce. We celebrate the diversity of our community, strive to have our residency reflect the diversity of our patients and community, work to reduce health disparities, and eliminate social injustices.

Community

Lancaster is conveniently located within relatively close proximity to several major east coast cities including: Philadelphia, PA, Baltimore, MD, Washington, DC, and New York, NY.

Comprehensive Benefits Package

- Competitive base salary
- Comprehensive health insurance
- Paid professional liability insurance
- Paid days off (vacation, holiday, sick, personal)
- Continuing education
- Optional dental and vision plans
- Retirement plans including 403(b)

Family Medicine Faculty Positions

The University of Oklahoma College of Medicine, Department of Family and Preventive Medicine is looking for experienced full-time, board-certified family physicians who are enthusiastic, love to teach, are interested in research, willing to participate in low-risk obstetrics, and want to make a difference in the lives of students, residents and physicians along with patients, families and the community. The successful candidate will be a graduate of an accredited College of Medicine, possess or be eligible for an unrestricted Oklahoma medical license, preferably with at least two years of practice experience or fellowship training.

Our department is a fully integrated member of a major academic health center that includes 2 major hospitals, 7 health-care related colleges, a large biotechnology center, and several other major health-care related organizations on its campus. Our department is composed of one family medicine residency program and clinic training 38 residents a year, one fellowship program, a 27-month master's level physician associate program training up to 50 students a year, department faculty coordination of two required and three elective medical school courses, and a nationally recognized primary care research program involving over 250 Oklahoma primary care practices. The department's clinics are all designated as patient-centered medical homes seeing nearly 50,000 outpatients annually.

BUILD A LASTING LEGACY FOR RURAL MEDICAL EDUCATION

North Country HealthCare, in Flagstaff, Arizona, is a teaching community health center that prepares tomorrow's doctors to meet the challenges of under served populations.

We are a well-established regional campus for A.T. Still University medical students and our new Family & Community Medicine Residency Program is entering its third year. "Education Moves Our Mission" on many levels at North Country HealthCare.

We are currently seeking physician educators. Through direct teaching and mentorship as a Regional Director of Medical Education (for medical students) or as an Associate Program Director (for residents), you can give them the tools they need to address rural health disparities. For more information, visit northcountryhealthcare.isolvedhire.com/jobs or contact Linda Maria Alvarado at (928) 522-9516 or lalvarado@nchcaz.org.

East Carolina University® Brody School of Medicine Department of Family Medicine

Brody School of Medicine is committed to training primary care physicians, improving the health of the people of eastern North Carolina, and enhancing the access of minority and disadvantaged students to a medical education. We are actively expanding our geriatrics and maternal-child health programs, building additional rural residency programs, and preparing for the expansion of our medical school class with leadership from Family Medicine.

Geriatrics Physician: Board Certified Family Medicine or Internal Medicine physician with additional qualification in Geriatrics. Practice and teaching sites include an ambulatory geriatric center, the Family Medicine Center, Vidant Medical Center, and a continuing-care retirement community with skilled care beds.

Geriatrics Division Director: Visionary leader to expand our Geriatrics Division to meet the growing needs of our patients, streamline impactful research, and develop the optimum curriculum and training opportunities for our students, residents, Geriatrics fellows, and Palliative Care fellows.

Medical Student Education Division Director: Innovative, enthusiastic physician to lead our Medical Student Education Division. Will expand our vision for predoctoral programs within the Department and lead the Department faculty who are active in medical student education.

Academic Physician: Family Medicine physician, OB care preferred. Responsibilities include supervision and education of residents, medical students, and other learners. Will provide medical care to patients in the inpatient and outpatient settings.

Sports Medicine Physician: Family Medicine Physician with additional qualification in Sports Medicine. Responsibilities include direct patient care, and supervision and education of the Sports Medicine fellow and residents.

We offer competitive salary, excellent benefits, and faculty appointment at Brody School of Medicine. Women and minority candidates are encouraged to apply.
