CORRECTION

Ann Fam Med 2008;6:274. DOI: 10.1370/afm.856.

In the print version of the March/April issue of the *Annals of Family Medicine*, "Screening for Congenital Hypothyroidism: US Preventive Services Task Force Reaffirmation Recommendation" (*Ann Fam Med*. 2008;6[2]:166) has incorrect URLs for the online supplemental data link and for the USPSTF congenital hypothyroidism Web site. The print version therefore departs from the online version. Following are the correct URLs:

- <http://www.annfammed.org/cgi/content/full/6/2/166-a/DC1> is the correct link to the Clinical Summary, the Recommendation Statement, and the 2 tables explaining USPSTF guideline grading system and the level of certainty for net benefit.
- <http://www.ahrq.gov/clinic/uspstf/uspstfscghy.htm> is the correct link for the US Preventive Services Task Force Screening for Congenital Hypothyroidism Web page.
