

Thank you, Reviewers and E-Letter Contributors!

Ann Fam Med 2020;18(3). <https://doi.org/10.1370/afm.1923>.

We would like to thank two groups who provide important insights to the *Annals of Family Medicine*.

Peer reviewers are key to advancing scholarship and contributing to the quality of a research journal. We are grateful to the many individuals who contribute their time and expertise to the review process. Please see <http://www.annfammed.org/site/misc/reviewers19.xhtml> for the names of the *Annals*' 2019 peer reviewers.

The *Annals* is also enriched by those who contribute e-letters. In 2019, we posted many e-letters reflecting on a wide range of published articles. Our sincere thanks to those who participated in this stimulating dialogue. To read e-letters, click on the eLetters tab on the right-hand side of any article.
